

*“Our local AA group meets weekly in the St George's Centre. We would dearly like to have more than one meeting here per week but with the Centre already oversubscribed that is not possible. The planned additional community meeting room within the church would be ideal for our needs.”*

Alcoholics Anonymous, Midweek Recovery Group

*“The church building is a wonderful resource here next door to Falkland Community Primary School. Over the years St George's have generously allowed us to make use of the church for a wide range of activities; leavers assemblies, carol concerts, violin lessons, science lessons in an inflatable mobile room have all taken place inside the church. We are very grateful for the hospitality of St George's and delighted to hear of the plans to sort out the heating.”*

Fiona Henderson, Head Teacher

*“We run a self help group for those seeking support after the breakdown of a relationship. We do at times book the church but it's far from ideal in its present damp, cold condition. We wholeheartedly support the plans to replace the heating system and create a new meeting space.”*

Aquila, Newbury

*“Our choir has performed at St George's on a number of occasions, and we love the spaciousness and the brilliant acoustic. We would like to use it on a regular basis for rehearsals and concerts but for a large part of the year it's just too cold for both audience and performers. (I still have vivid memories of our violinist attempting to control her bow while shivering violently!) It has the potential to be a wonderful concert venue and community resource. I really hope they can sort the heating out soon.”*

Harmony Choir
